INDEPENDENT AUDITOR'S REPORT

Board of Directors Hahnville Volunteer Fire Department, Inc. Hahnville. Louisiana

We have audited the accompanying financial statements of the general fund of the Hahnville Volunteer Fire Department, Inc. (the department) as of and for the year ended December 31, 2008, which collectively comprise the department's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the department's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and the significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

As discussed in Note 1A, the financial statements present only the general fund. They do not purport to, and do not present fairly the financial position of the department as of December 31, 2008, the changes in its financial position, or, where applicable, its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the general fund of the Hahnville Volunteer Fire Department, Inc., as of December 31, 2008, and the respective changes in financial position and cash flows, where applicable, thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated June 30, 2009, on our consideration of the department's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the

internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

The management's discussion and analysis on pages 5 through 8 is not a required part of the basic financial statements but is supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Thibodaux, Louisiana

June 30, 2009

Required Supplemental Information	

Hahnville, Louisiana

Management's Discussion and Analysis (Excluding the Membership Account Fund) For the year ended December 31, 2008

Our discussion and analysis of the Hahnville Volunteer Fire Department, Inc.'s (the department) (excluding the Membership Account Fund) financial performance provides an overview of the department's financial activities for the fiscal year ended December 31, 2008. Please read it in conjunction with the department's financial statements, which begin on page 9.

FINANCIAL HIGHLIGHTS

- Based upon the operation of 2008, the department's net assets increased by \$42,267 and resulted in ending net assets of \$1,715,391.
- Cash and investments at the end of the year were \$83,082 more than last year.

USING THIS ANNUAL REPORT

This report consists of a series of financial statements. The Statement of Net Assets and the Statement of Activities found on pages 9 and 10 provide information about the financial activities of the department and illustrate a longer-term view of the department's finances. Fund financial statements start on page 11. For governmental-type activities, these statements illustrate how these services were financed in the short-term and what remains for future spending. Fund financial statements also report the department's operations in more detail than the government-wide sections of the statements by providing information about the department's significant funds.

A. REPORTING ON THE GOVERNMENT-WIDE FINANCIAL STATEMENTS

1. The Statement of Net Assets and the Statement of Activities

The government-wide financial statements present financial information for the activities of the department from an economic resource measurement focus using the accrual basis of accounting. They present governmental activities, such as general government, separately from business-type activities. The current year's revenues and expenses are taken into account regardless of when cash is received or paid.

These two statements report the department's net assets and the change in them. These net assets, the difference between the assets and the liabilities, are ways to measure the department's financial position or financial health. Over time, increases or decreases in the department's net assets are indicators of whether its financial health is improving or deteriorating.

B. REPORTING ON THE DEPARTMENT'S MOST SIGNIFICANT FUNDS

1. Fund Financial Statements

The fund financial statements provide detailed information about the department's General Fund. All of the department's expenditures, except those from the Membership Account Fund, are reported in a governmental fund, which focuses on how money flows into and out of that fund and the balances left at year-end that are available for spending. This fund is reported

Hahnville, Louisiana

Management's Discussion and Analysis (Excluding the Membership Account Fund) For the year ended December 31, 2008

using the modified accrual method, which measures cash and all other financial assets that could readily converted to cash. The governmental fund statements provide a detailed short-term view of the department's general operations and the expenditures paid from this fund. The information in the governmental fund helps determine if there are more or less financial resources to finance future department expenditures. We describe the relationship (or differences) between governmental activities (reported in the Statement of Net Assets and the Statement of Activities) and the governmental fund in reconciliations on pages 13 and 14.

AN ANALYSIS OF THE DEPARTMENT USING GOVERNMENT-WIDE FINANCIAL STATEMENTS

A. STATEMENT OF NET ASSETS

The following amounts reflect condensed information on the department's net assets:

	2008		2007
Assets		···	<u> </u>
Current assets	\$	495,054	\$ 411,972
Capital assets, net of accumulated depreciation		1,226,151	<u>1,2</u> 64,951
Total assets	\$ 1,721,205		\$ 1,676,923
Liabilities			
Current liabilities	\$	5,814	\$ 3,799
Long-term liabilities		<u>-</u> _	
Total liabilities	\$	5,814	\$ 3,799
Net Assets			
Investment in capital assets, net of related debt	\$	1,226,151	\$ 1,264,951
Unrestricted		489,240	408,173
Total net assets	\$	1,715,391	\$ 1,673,124

- Cash and investments at the end of the year were \$296,905, which is \$69,401 more than last year.
- At the end of the year, the department had capital assets, net of accumulated depreciation in the amount of \$1,226,151. This was made up of \$2,317,285 in capital assets and \$1,091,134 in accumulated depreciation. During the year, the department purchased \$49,397 in capital assets, \$10,800 of which were donated. The department disposed of a Ferrara Ford Hose Truck. The cost of the truck was \$61,092, all of which had been depreciated. The truck was sold at a public auction for \$4,013 shown as gain on sale of asset.
- Current assets at the end of the year were \$83,082 higher than last year. This was due to cash
 and investments increasing by \$69,401, and receivables increasing by \$13,681.

Hahnville, Louisiana

Management's Discussion and Analysis (Excluding the Membership Account Fund) For the year ended December 31, 2008

B. STATEMENT OF ACTIVITIES

The following table illustrates the revenues and expenses that produced the increase in net assets for the fiscal year.

•	2008		2007		
Revenue					
Capital grants	\$	-	\$	1,000	
General revenue		361,576		393,678	
Total revenue		361,576		394,678	
Expenses					
Public safety - fire protection	_\$_	319,309	\$	277,787	
Total expenses	\$	319,309	\$	277,787	
Change in net assets	\$	42,267	\$	116,891	
Net assets:					
Beginning of the year	_\$_	1,673,124	\$	1,556,233	
End of the year	<u>\$</u>	1,715,391	\$	1,673,124	

- Based upon the operation of 2008, the department's net assets increased by \$42,267 and resulted in ending net assets of \$1,715,391.
- Total revenue for the year was \$33,102 lower than last year primarily due to a decrease in grant revenue of approximately \$79,998, an increase in Ad Valorem tax revenue of \$16,120 and an increase in Sales tax revenue of \$12,233.
- Total expenses for the year were \$41,522 higher than in 2007, primarily attributable to an increase in equipment maintenance of \$13,194 due to fire hose testing and new tire purchases; and an increase in personnel insurance of \$15,855. Personnel insurance was low in prior year because of LWCC refunds.

GOVERNMENTAL FUND

The department uses funds to help control and manage money for particular purposes. At the completion of the year, the department's governmental fund reported an increase in fund balance of \$72,066 and resulted in ending fund balance of \$318,164.

Hahnville, Louisiana

Management's Discussion and Analysis (Excluding the Membership Account Fund) For the year ended December 31, 2008

CAPITAL ASSETS AND LONG-TERM DEBT

During the year, the department purchased \$49,397 in capital assets; \$10,800 of which were donated. The department disposed of a Ferrara Ford Hose Truck. The cost of the truck was \$61,092, all of which had been depreciated. The truck was sold at a public auction for \$4,013 shown as proceeds from sale of capital assets.

GENERAL FUND BUDGETARY HIGHLIGHTS

Because the department is a quasi-public entity, it does not have to comply with state laws regarding budgeting.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET

- Anticipated grant revenue for the upcoming year includes a Forestry Grant for \$3,731, a Water Ford grant for \$1,500, and an Oxy Chemical grant for \$2,000.
- The department plans to upgrade the computers.
- The department plans to advertise the sale of Unit #353 for a minimum bid of \$10,000.

CONTACTING THE FIRE DEPARTMENT'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, taxpayers, and creditors with a general overview of the department's finances and to show the department's accountability for the money it receives. Any questions about this report or requests for additional information may be directed to Chief Reggie Gaubert, P.O. Box 213, Hahnville, Louisiana 70057.

CLOSING COMMENTS

The department continues to closely monitor the use of its funds to ensure that the funds are spent wisely. We are very proud of the progress that has been made throughout the parish in fire protection to all our citizens.

Notes to the Financial Statements (Excluding the Membership Account Fund)
As of and for the year ended December 31, 2008

INTRODUCTION

The Hahnville Volunteer Fire Department, Inc. (the department) was organized as a non-profit corporation as defined by Revised Statutes of Louisiana Title 12, Section 101 (8). The department is exempt from federal income tax under section 501(c)(4) of the Internal Revenue Code. Its objective is to provide fire protection to the Parish of St. Charles.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Funds Excluded From This Report

This financial report does not include the Membership Account Fund. This fund does not include public money and is, therefore, not required to be audited. It is the only fund of the department that is not included in these financial statements, notes, and reports. The Department's only other fund is the general fund.

B. Basis of Presentation

The Department's financial statements are prepared in accordance with U.S. generally accepted accounting principles (GAAP). The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments through its pronouncements (Statements and Interpretations). Governments are also required to follow the pronouncements of the Financial Accounting Standards Board (FASB) issued through November 30, 1989 (when applicable) that do not conflict with or contradict GASB pronouncements. The more significant accounting policies established in GAAP and used by the Department are discussed below.

C. Reporting entity

The Department receives funding from local and state government sources and must comply with the concomitant requirements of these funding source entities. However, the Department is a "primary government" and is not included as a component unit of any other St. Charles Parish governmental "reporting entity" as defined in GASB pronouncements, since the entity is a non-profit corporation, and the board members have decision making authority, the power to designate management, the ability to significantly influence operations an primary accountability for fiscal matters. The Department includes all activities that are controlled by it as a quasi-public non-profit corporation organized to provide fire protection to the Parish of St. Charles. The Department has no component units.

Notes to the Financial Statements (Excluding the Membership Account Fund) As of and for the year ended December 31, 2008

The accounting and reporting policies of the Department conform to generally accepted accounting principles as applicable to governmental units.

D. Basic Financial Statements - Government-wide Statements

The department's basic financial statements include both government-wide and fund financial statements. Both the government-wide and fund financial statements categorize primary activities as either governmental or business type. The department's general fund is classified as a governmental activity. The department has no business-type activities.

In the government-wide Statement of Net Assets (Statement A), the governmental activities are reported on a full accrual, economic resource basis, which recognizes all long-term assets and receivables as well as long-term debt and obligations. The department's net assets are reported in two parts—invested in capital assets, net of related debt and unrestricted net assets.

The government-wide Statement of Activities (Statement B) reports both the gross and net cost of the department's function. General government revenues (1/8 cent sales tax and ad valorem tax) support the function. The department does not receive related program revenues, which would reduce gross expenses in the Statement of Activities.

This government-wide focus is more on the sustainability of the department as an entity and the change in the department's net assets resulting from the current year's activities

E. Basic Financial Statements - Fund Financial Statements

The department uses funds to report on its financial position and the result of its operations. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions relating to certain government functions or activities.

A fund is a separate entity with a self-balancing set of accounts. Funds of the department are classified as governmental. This category, in turn, is divided into separate fund types. The fund classifications and a description of the only existing fund follow:

Governmental Funds

Governmental funds account for the department's entire general activities, including the collection and disbursement of specific or legally restricted monies, the acquisition or construction of general fixed assets, and the servicing of general long-term obligations. The general fund is the operating fund of the department.

Notes to the Financial Statements (Excluding the Membership Account Fund) As of and for the year ended December 31, 2008

F. Basis of Accounting / Measurement Focus

Basis of accounting refers to the point at which revenues or expenditures/expenses are recognized in the accounts and reported in the financial statements. It relates to the timing of the measurements made regardless of the measurement focus applied.

Accrual:

Governmental activities in the government-wide financial statements are presented on the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when incurred.

Modified Accrual:

The governmental fund financial statements are presented on the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual; i.e., both measurable and available. "Available" means collectible within the current period or within 60 days after year-end. Expenditures are generally recognized under the modified accrual basis of accounting when the related liability is incurred.

The department's records are maintained on the cash basis of accounting. However, the General Fund reported in the accompanying financial statements has been converted to a modified accrual basis of accounting utilizing the following practices in recording revenues and expenditures:

Revenues

Sales taxes are recorded in the month the taxes are collected by the St. Charles Parish School Board. Sales taxes become payable to the St. Charles Parish School Board on the first day of the month and become delinquent on the 20th day of the month following incurrence of the taxes by businesses.

An ad valorem issue is dedicated to the operations of the nine volunteer fire departments in St. Charles Parish. The tax milage expires in 2010. Each department is to receive one ninth of annual collections. Taxes levied in November each year are available for expenditures in the subsequent year.

Interest income on investments is recorded when the investments have matured and income is available.

All other revenues are recorded when received.

Notes to the Financial Statements (Excluding the Membership Account Fund)
As of and for the year ended December 31, 2008

The majority of the department's revenues are derived from the one-eighth of one percent sales tax and the ad valorem tax for operations.

<u>Expenditures</u>

Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred.

G. Budgets and Budgetary Accounting

The Department was not required to prepare a budget for the year ended December 31, 2008.

H. Cash and Cash Equivalents

Under state law, the department may deposit funds in demand deposits, interest bearing demand deposits, money market accounts, or time deposits with state banks organized under Louisiana law or any other state of the United States, or under the laws of the United States.

Cash and cash equivalents, which include interest bearing demand deposit accounts and certificates of deposit with an original maturity of less than 90 days, are stated at cost, which approximates fair market value.

I. Investments

Louisiana state law allows all political subdivisions to invest excess funds in obligations of the United States, certificates of deposit of state or national banks having their principal office in Louisiana or any other federally insured investment.

The department's only investments are certificates of deposit, with an original maturity of greater than 90 days, which are stated at cost, which approximates market. Investments in certificates of deposit are reported at cost because they are "nonparticipating" interest-earning investment contracts as discussed in GASB 31. The term "nonparticipating" means that the investment value does not vary with market interest rate changes. Investments which include securities traded on a national or international exchange are valued based on their last reported sales price (fair value). Investments that do not have an established market are reported at estimated fair value.

Notes to the Financial Statements (Excluding the Membership Account Fund) As of and for the year ended December 31, 2008

J. Receivables

The financial statements of the department do not contain an allowance for uncollectible receivables because management believes all amounts will be collected. However, if management becomes aware of information that would change its assessment about the collectibility of any receivable, management would write off the receivable as a bad debt at that time.

K. Inventories

Physical inventories consist of expendable supplies held for consumption. Because inventories are expended within one operating cycle they are recorded as expenditures when paid for and are not recorded as an inventory asset.

L. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

M. Capital Assets

Capital assets purchased or acquired with an original cost of \$1,000 or more are reported at historical cost or estimated historical cost. Donated assets are reported at fair market value as of the date received. Additions, improvements, and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred. Depreciation is recorded using the straight-line method over the useful lives of the assets as follows:

Buildings 40 years
Building improvements 10 - 40 years
Equipment 5 - 15 years
Vehicles 5 - 15 years

In the fund financial statements, capital assets used in the department's operations are accounted for as capital outlay expenditures of the governmental fund that provided the resources to acquire the assets. Depreciation is not computed or recorded on capital assets for purposes of the fund financial statements.

Notes to the Financial Statements (Excluding the Membership Account Fund) As of and for the year ended December 31, 2008

N. Long-Term Obligations

In the government-wide financial statements, debt and principal payments of both government and business-type activities are reported as decreases in the balance of the liability on the Statement of Net Assets. In the fund financial statements, however, debt and principal payments of governmental funds are recognized as expenditures when paid.

O. Net Assets/Fund Balances

In the Statement of Net Assets, the difference between a government's assets and liabilities is recorded as net assets. The three components of net assets is as follows:

Invested in Capital Assets, Net of Related Debt

This category records capital assets net of accumulated depreciation and reduced by any outstanding balances of bonds, mortgages, notes or other borrowing attributable to the acquisition, construction or improvement of capital assets.

Restricted Net Assets

This component consists of net assets with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislation.

Unrestricted Net Assets

This category represents net assets not appropriable for expenditures or legally segregated for a specific future use.

When both restricted and unrestricted resources are available for use, it is the department's policy to use restricted resources first to finance its activities.

In the Balance Sheet of governmental funds, fund balances are segregated as follows:

Reserved

These resources are segregated because their use is earmarked for a specific use. The department has no reserved fund balances.

Unreserved

This category represents that portion of equity not appropriable for expenditures or legally segregated for a specific future use.

Notes to the Financial Statements (Excluding the Membership Account Fund)
As of and for the year ended December 31, 2008

NOTE 2. CASH AND INVESTMENTS

At December 31, 2008, the department has cash and investments (book balances) totaling \$296,905, as follows:

Cash & Investments	Cost	Fair Value	Interest Rate	Maturity	Credit Risk Category
Cash:					
First National Bank *U*S*A - Checking	9,619	9,619	0.25%	Demand	Category 3
Total Choice Federal CU - share acct	30	30_	0.66%	Demand	Category 1
Total Cash	9,649	9,649			
Investments:					
Certificates of Deposit:					
First National Bank *U*S*A* CD-11	52,507	52,507	2.80%	06/18/2009	Category 3
First National Bank *U*S*A* CD-12	52,507	52,507	2.80%	06/18/2009	Category 3
First National Bank *U*S*A* CD-13	52,507	52,507	2.80%	06/18/2009	Category 3
First National Bank *U*S*A* CD-14	54,736	54,736	3.80%	11/2/2009	Category 3
First National Bank *U*S*A* CD-15	25,000	25,000	3.00%	05/12/2009	Category 3
First National Bank *U*S*A* CD-16	25,000	25,000	3.00%	05/12/2009	Category 3
First National Bank *U*S*A* CD-17	25,000	25,000	3.00%	05/12/2009	Category 3
Total Investments	287,256	287,256			
Total Cash & Investments	\$ 296,905	\$ 296,905			

The department's only investments are certificates of deposit.

These deposits are stated at cost, which approximates market. Under state law, these deposits (or the resulting bank balances) must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent. These securities must be held in the name of the pledging fiscal agent bank in a holding or custodial bank that is mutually acceptable to both parties. At December 31, 2008, the department had a bank balance at Total Choice Federal Credit Union of \$30, which was secured from risk by federal deposit insurance. The department had a collected bank balance at First National Bank *U*S*A* of \$324,691 of which \$250,000 was secured by federal deposit insurance

Notes to the Financial Statements (Excluding the Membership Account Fund) As of and for the year ended December 31, 2008

(category 1) and the remainder was secured by \$220,000 in pledged securities (category 3).

NOTE 3. RECEIVABLES

The receivables at December 31, 2008, consisted of ad valorem taxes in the amount of \$171,076 and sales taxes in the amount of \$27,073.

NOTE 4. CAPITAL ASSETS

Capital asset activity for the year ended December 31, 2008 was as follows:

	Balance at			Balance at
	12/31/2007	Additions	<u>Deletions</u>	12/31/2008
Capital assets not being depreciated:				
Land	143,966			143,966
Total capital assets not				
being depreciated	143,966			143,966
Capital assets being depreciated:				
Equipment	333,284	26,080	-	359,364
Buildings	978,049	23,317	-	1,001,366
Vehicles	87 <u>3,681</u>		61,092	812,589
Total capital assets				
being depreciated	2,185,014	49,397	61,092	2,173,319
Less: accumulated depreciation	(1,064,029)	(88,197)	(61,092)	(1,091,134)
Total capital assets being				
depreciated, net	1,120,985	(38,800)		1,082,185
Total capital assets, net	1,264,951	(38,800)	-	1,226,151

Depreciation expense for the year was \$88,197. During the year, the department sold a 1991 Ferrara Ford hose truck. There was no remaining basis of the truck on the day it was sold. The income from the sale of the truck of \$4,013 is shown on the Statement of Activities as a gain on the sale of asset.

Notes to the Financial Statements (Excluding the Membership Account Fund) As of and for the year ended December 31, 2008

NOTE 5. LONG-TERM DEBT

There are no long-term debts as of and for the year ended December 31, 2008.

NOTE 6. AD VALOREM TAX

Effective July 21, 1990, the voters of St. Charles Parish approved a property tax milage in the amount of 1.6 mils. This tax is collected by the St. Charles Parish Sheriff to be used for the fire protection of the Parish of St. Charles. The funds are distributed to the nine individual fire departments of the St. Charles Parish Firemen's Association, Inc. by the parish's Department of Finance. The department's share of the total property tax for the year ended December 31, 2008 was \$169,701 at a milage rate of 1.54.

The ad valorem tax is levied each year by the St. Charles Parish Assessor on November 15 based upon the assessed value, less homestead exemptions. The 1st day of January preceding the annual levy date (Nov. 15th) is used as the date to value the property subject to tax. The tax becomes due on November 15 and is considered delinquent if not paid by December 31. Most of the property tax revenues are collected during the months of December, January, and February.

Government-wide financial statements

Ad valorem tax revenue is recognized in the year for which the taxes are levied. Revenue is recognized as the current year's assessment less the uncollected portion of the prior year's assessment.

Fund financial statements

The department does not consider the current year's assessment to be "available" for current year expenditures and budgets the revenue to be used in the year following the assessment, when the majority of the taxes are actually collected.

NOTE 7. FIRE PROTECTION CONTRACT

Effective March 1, 1980, sales tax in the amount of one-eighth of one percent is collected by the St. Charles Parish School Board and administered by the Parish President. The sales tax is to be used for the fire protection of the Parish of St. Charles. The funds are distributed monthly by the Parish President to the individual fire departments of the St. Charles Parish Firemen's Association, Inc. Effective May 1, 2006 (Ord#06-5-2), the sales tax is distributed on the following basis:

Notes to the Financial Statements (Excluding the Membership Account Fund) As of and for the year ended December 31, 2008

	Monthly Basis	% of RemainingFunds
Bayou Gauche Volunteer Fire Dept., Inc.	\$ 2,500	3.86%
Des Allemands Volunteer Fire Dept., Inc.	\$ 2,500	4.43%
East Side St. Charles Volunteer Fire Dept., Inc.	\$ 2,500	23.47%
Hahnville Volunteer Fire Dept., Inc.	\$ 2,500	6.82%
Killona Volunteer Fire Dept., Inc.	\$ 2,500	1.52%
Luling Volunteer Fire Dept., Inc.	\$ 2,500	29.43%
Norco Area Volunteer Fire Dept., Inc.	\$ 2,500	9.75%
Paradis Volunteer Fire Dept., Inc.	\$ 2,500	4.64%
St. Rose Volunteer Fire Dept., Inc.	\$ 2,500	16.08%

The Department receives a monthly base amount of \$2,500 plus 6.82% of the remaining funds. The total revenue under this agreement for the year ended December 31, 2008, was \$147,715.

Sales tax receivable at December 31, 2008, consists of the Department's share of the 1/8th cent sales tax for the month of November 2008, collected on or before December 20, 2008, by the St. Charles Parish School Board and remitted by St. Charles Parish in January 2009.

NOTE 8. LEASES

In November of 2003, the department entered into a lease with St. Charles Parish for a piece of property adjacent to the donated property in Fashion Plantation. The department is leasing this property in order to meet with the parking requirements of the Parish. The lease term is for 20 years, at no cost, subject to renewal for as long as the department has a fire station on the property adjacent to it.

NOTE 9. GRANT

In 2008, the department received grant revenues of \$4,030, awarded by The Department of Agriculture and Forestry.

Notes to the Financial Statements (Excluding the Membership Account Fund) As of and for the year ended December 31, 2008

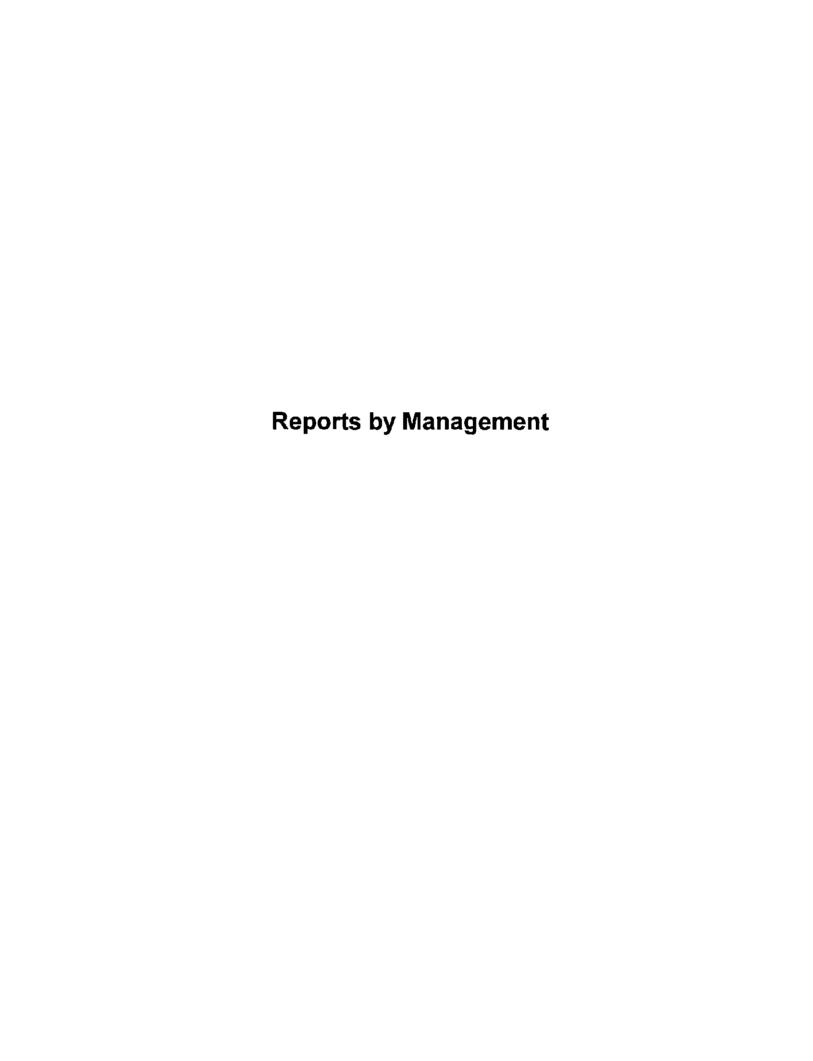

NOTE 10. RISK MANAGEMENT

The department is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; illnesses or injuries to its volunteers; and natural disasters. The department has purchased commercial insurance to cover or reduce the risk of loss that might arise should one of these incidents occur. There have been no significant reductions in coverage from the prior year. No settlements were made during the current or prior three fiscal years that exceeded the department's insurance coverage.

The department's management has not purchased commercial insurance or made provisions to cover or reduce the risk of loss, as a result of business interruption and certain acts of God, like floods or earthquakes.

NOTE 11. LITIGATION AND CLAIMS

At December 31, 2008, the department had no litigation or claims pending.

HAHNVILLE VOLUNTEER FIRE DEPARTMENT, INC. (Excluding the Membership Account Fund)

Summary of Schedule of Prior Audit Findings
As of and for the Year Ended December 31, 2008

Ref. No.

0712-01

Description of Finding

Internal Control Material Weakness. The size of the Hahnville Volunteer Fire Department, Inc.'s operations and its limited staff preclude an adequate segregation of duties and other features of an adequate system of internal control, although to employ such controls may not be cost beneficial.

Corrective Action Planned

No corrective action plan is taken because of the size of the entity.

Name of Contact Person

Reggie Gaubert, Chief

<u>Aticipated Completion Date</u>

None

Additional Explanation

This is a common deficiency noted in audits of small entities. The Department's office does not employ enough people in its accounting department to adequately segregate duties such as approving purchase orders, approving invoices for payment, printing checks, recording checks, signing checks, mailing checks, and reconciling bank statements. This is one example of the circumstances that resulted in the reportable condition.

This deficiency cannot be remedied in a cost effective manner.

0812-02

Description of Finding

Inadequate Controls over Financial Statement Preparation

A material weakness exists in financial reporting because the Department does not have a staff person who has the qualifications and training to apply generally accepted accounting principles (GAAP) in recording the entity's financial transactions or preparing its financial statements, including the related notes.

Corrective Action Plan

Management has evaluated the cost versus benefit of hiring a person who has the qualifications and training to apply generally accepted accounting principles in the preparation of financial statements. Management has determined that it is in the best interest of the Department at this time, to outsource this task to its independent auditors, and to carefully review the draft financial statements and notes prior to approving them. Management understands that it accepts final responsibility for the financial statements content and presentation.

OTHER REPORT REQUIRED BY GOVERNMENT AUDITING STANDARDS

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Board of Directors Hahnville Volunteer Fire Department, Inc. Hahnville, Louisiana

We have audited the accompanying financial statements of the general fund of the Hahnville Volunteer Fire Department, Inc. (the department) as of and for the year ended December 31, 2008, which collectively comprise the Department's basic financial statements and have issued our report thereon dated June 30, 2009. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Department's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purposes of expressing an opinion on the effectiveness of the Department's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Department's internal control over financial reporting.

Our consideration of the internal control over financial reporting was for the limited purpose described in the preceding paragraph and would not necessarily identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses. However, as discussed below, we identified certain deficiencies in internal control over financial reporting that we consider to be significant deficiencies.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the Department's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the Department's financial statements that is more than inconsequential will not be prevented or detected by the Department's internal control. We consider the deficiencies described in the

accompanying schedule of current year audit findings on pages 27 and 28 to be significant deficiencies in internal control over financial reporting.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the Department's internal control.

Our consideration of the internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in the internal control that might be significant deficiencies and, accordingly, would not necessarily disclose all significant deficiencies that are also considered to be material weaknesses. However, of the significant deficiencies described above, we consider item 0812-01 & 0812-02 to be material weaknesses.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Department's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of the Department's Board, those governments for which reporting is required, and the Legislative Auditor of the State of Louisiana and is not intended to be and should not be used by anyone other than these specified parties. However, this report is a matter of public record, and its distribution is not limited.

Thibodaux, Louisiana
